Visitor Guide

Visiting a friend or loved one while incarcerated can be difficult or even seem scary. Our goal is to provide a safe secure and family friendly space in order for our residents to maintain healthy relationships with significant people in their lives.

Visits are intended to be no more restrictive than necessary to provide a safe environment for the visitor, residents and staff and to not allow the introduction of contraband into our facilities.

Each resident has a specific visit schedule based on where they live. You may only come when they have a scheduled visit time and must be on their approved visit list this also includes minors. Please see policy 7.09 available at www.nh.gov/nhdoc for the process of getting minor children added to a visit list.

Don't pet the puppies!

Please DO NOT ever attempt to introduce contraband into our facilities.

You will be prosecuted.

What to expect when you arrive?

Process may vary slightly depending on facility.

- Only (3) people age 5 and above are allowed to visit at one time. Under 5 may sit on the lap of a visitor.
